**Justine D. Macapaz**

Talent Acquisition Manager  
Filinvest Business Services Corporation

Dear Justine D. Macapaz:

Greetings in pursuit of academic excellence!

The Bachelor of Science in Computer Engineering curriculum includes an On-The-Job Training for the second-year students every summer class, with a minimum of 300 hours of training.

The main objective of this course is for the students to acquire experience and hands-on skills in their respective areas of specialization. This further exposes them to actual work in the computer engineering field. It is also a promising avenue for the students to help develop their professional careers and technical expertise.

In connection with this, I would like to recommend **Mr. Kyrie Eleison Q. Tubog**, a **second-year** Computer Engineering student. I am confident that you will assist us in developing our students' technical know-how and practical skills. The department acknowledges the industry's significant role in accomplishing the training objectives.

Thank you for being with us in this noble undertaking.

Respectfully yours,

  
**ENGR. MARLON JHON B. BAUTISTA**  
On-The-Job Training 1 Adviser

Recommending Approval:

  
**ENGR. ROLITO L. MAHAGUAY**  
Chairperson, Department of Computer Engineering
